Forecast for Thursday 27 Aug 2020

Weather: Cloudy through most of the day, with some patchy drizzle and light rain soon moving across the southern ranges. The best chance of drier conditions across the Aberdeenshire hills, but further south likely to see rain through much of the day, most persistent across the Ochils..

Chance of cloud free mountain/hill tops above 800m: Broken cloud possible on summits, most extensive in the south. Cloud thickening and lowering in the evening.

Visibility: Mostly moderate or poor in light rain and drizzle.
